**Meet our Artists!**

I would like you to meet our artists who have helped us in developing our exclusive products. Without them, it would not be possible!

	<p><b>Kim Sharp-Anderson &amp; Abigail Anderson</b>  <b>Kimberly Sharp Design House</b>          Kim Sharp-Anderson and Abigail Anderson are the dynamic mother-daughter duo behind the brand Kimberly Sharp Design House, a creative design studio specializing in the home décor and accents space. Known for their eye-catching designs and meticulous attention to detail, this team brings personality and charm into every project they do. When they are not in their work studio catching up on projects that are way past due, you can find them at the lake on the boat with family, somewhere in a corner with a blanket and well-worn Kindle, or spending hours and hours at Anthropologie buying clothes they will never wear because when you work from home you only wear sweats!          They believe that the secrets to a happy life are:</p> <ul style="list-style-type: none"> <li>· Flowers grow better when you sing to them</li> <li>· Your day doesn't begin until you make your bed</li> <li>· God is real</li> <li>· Coke tastes better with extra ice</li> <li>· You always need your mom, no matter your age</li> <li>· Ted Lasso has life all figured out</li> <li>· Afternoon naps cure all</li> <li>· When you really stop and think about it, Family is EVERYTHING!</li> </ul> 
	<p><b>Beth Logan:</b> Beth has always lived in the Pacific Northwest and has loved to draw since she could first hold a crayon. She studied graphic design at the Cornish College of the Arts in Seattle. Beth's art has been licensed for stationery, giftware, fabric and more since 1992. After living in the city for 35 years, she moved way out to the country where she now spends her days close to nature, growing all the things and happily creating art in a log house by a river shared with her amazing and weird furry little family. Website: <a href="http://artstufftd.com">artstufftd.com</a> @bethlogansart on Instagram, Facebook, Pinterest, and Twitter/X</p>
	<p><b>Jennifer Smelter:</b> As an engineer turned artist, Jennifer creates colorful and seasonal designs inspired by what she discovers on her travels. Since 2013 her company Tandem for Two has been selling retail, wholesale, and licensing her artwork to celebrate where we live and where life takes us.          When not creating or exploring, she coaches others how to launch and grow their small business. When it's time to relax, you can find her cruising around her Lake Michigan beach town on her tandem bike or drawing from the front porch of her Craftsman bungalow with her dachshund Max and a coffee or cocktail in hand.</p>
	<p><b>Michael McElroy:</b> Michael McElroy has been working as a professional artist for nearly 30 years. He studied Graphic Design and Illustration at Memphis College of Art. There is where he learned his love of product design. Originally from Paris, Tennessee where he grew up on a small farm. Now, Michael works from his home studio in Clermont, Florida where he gets to create art for a living every day.          Michael has had great opportunities to travel the world and design seasonal gifts, children's décor, home décor, toys, and plush for the US, Europe, and South America markets. He lived and worked in mainland China 6 months a year off and on for 16 years. There he worked for several manufacturers leading their design teams for the gift market while working closely with buyers from all around the world.          Using his whimsical style, found to be both fun-filled and lighthearted, Michael finds ways to create unique gifts for the market. He loves being able to use his art to bring a smile to others. Michael actively participates in the comic world by creating and selling his artwork at comic book conventions. He can also be found on Walt Disney World property creating art from time to time. He is so thankful for all the love and support of his family and friends over the years.</p>
