EVERYDAY 2025

Love you can feel.®

Mary Meyer is dedicated to creating delightful toys that bring joy to children and adults alike. Our design team creates a diverse range of high-quality toys, from plush animals to trendy characters, captivating both retailers and customers.

Our new Everyday 2025 Catalog showcases our commitment to inspiring creativity and happiness through play, featuring products for all ages and interests. We invite you to explore our offerings and appreciate your continued support of Mary Meyer's vision.

The subject of tariff increases has been widely reported in the news, and we would like to share our plans. Like other suppliers that source goods outside the US, Mary Meyer faces real uncertainty regarding proposed import tariffs on our products. We anticipate that these tariffs could cause the total cost of our designs to vary widely over the coming year.

We have elected to print our current wholesale prices in our Everyday catalog, which will be subject to change as we better understand the tariffs. As we progress through 2025, the exact tariffs will likely be known, and if we need to adjust our wholesale pricing, we will do so then.

Thanks so much for your understanding! All of us at Mary Meyer appreciate your support.

hobby horses

Chosen by the Toy Industry Association as one of its "Toys of the 20th Century".

Stick horses have been amongst our most popular toys since Mary Meyer introduced them in 1963. Now a classic, the real wood stick (natural finish or white) is super sturdy.

*Easy Ride'Ums neigh when the ear is pressed.

Fancy Prancers feature decorative accents throughout.

collapsible sticks

**WE LISTENED!
SAVE MONEY! SAVE HASSLES!**

Concerned about the cost to ship stick horses to your customers?

Perplexed by shoppers saying, "We don't have room to carry that around."?

Try our Collapsible Stick Horses. A simple coupling device reduces the head with stick length to 20 inches. With a twist, goes back to full length in seconds. No tools needed.
